

The 1st Annual Georg Schmerholz Jade Carving and Natural Stone Exhibition

FREE ADMISSION
Saturday, June 10th
Sunday, June 11th

We are excited to announce our 1st annual Jade Carving and Natural Stone Exhibition named after master artisan and Monterey Bay Jade Festival Founder, Georg Schmerholz.

This supportive competition is open to jade carvers of all skill levels ranging from those establishing themselves in the jade carving community to those with decades of experience in jade artistry. The competition is a safe, supportive effort for every artist to exhibit their work, receive valuable feedback from their peers, and to receive validation for their works by participating in one of the world's few annual international jade carving exhibitions.
